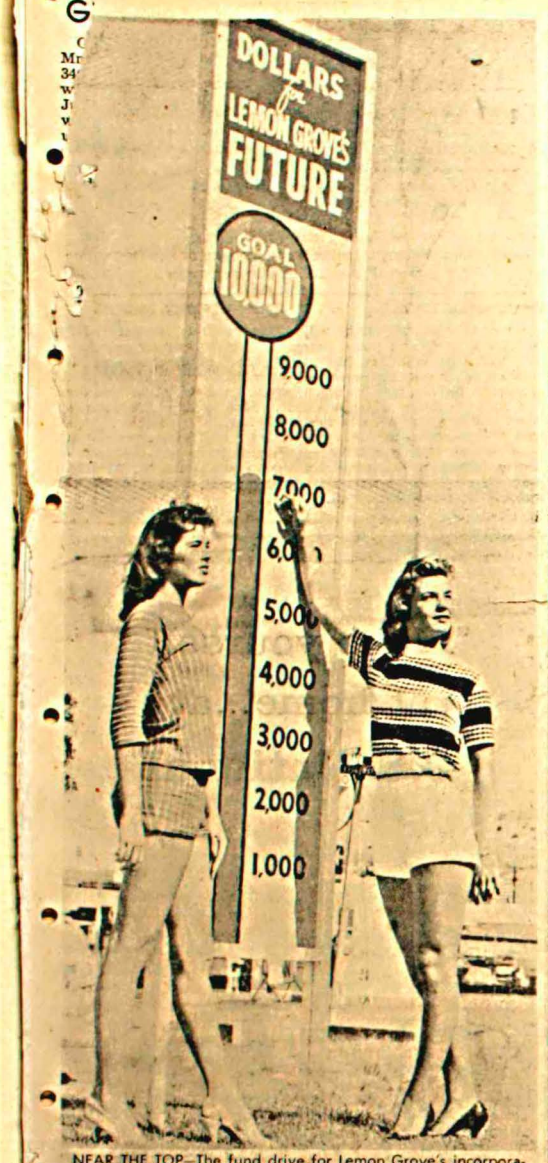
LG INCORPORATION NEARS GOAL



NEAR THE TOP—The fund drive for Lemon Grove's incorporation expense is nearing the goal this week as workers continue to collect through volunteer donations. Here two area beauties point out the current stage on the fund drive as posted on the big sign near the Broadway-Imperial intersection in LG. Left is Doris Radici, daughter of Mr. and Mrs. George Radici, 1655 Dupont drive, while pointing to the sign is Sharon Cassel, daughter of Mrs. Edna Cassel, 1681 Colfax drive, Monterey Heights. Both girls have attended Mt. Miguel high school the past year. (Review Photo 1046)

Administrator Sees Huge Budget Boost

San Diego county faces a $4 million increase in the fiscal '58-'59 budget but will not ask any property tax rate jump to cover the big boost, T. M. Heggland, the county's chief administrative officer, told members of the Lemon Grove men's club last Friday.

Heggland said the proposed budget he will submit to the board of supervisors calls for a total expenditure of about $62,290,493 compared with the $58.25 millions spent in the year ending June 30. While added monies will be needed, the administrator said new evaluations of properties will add needed funds to the revenue while actually not increasing the tax rate.

The 280,000 parcels of property in the county are now being continually re-evaluated as values readjust, Heggland said. While the tax bill may be larger, it isn't an increased rate but rather an increased valuation that is responsible.

One budget item of local interest is $140,000 allocated for the improvements to Broadway, Lemon Grove's main business street. Extent of the improvements will be studied by county engineers.

While Heggland pointed out the economic picture is not as clear-cut as a year ago, the increased budget must be met as on obligation of the continued terrific rate of population growth in the county. He said adding 40,000 population each year was pulling a big load for the physical facilities of the county's recreational, road and business departments.

From a tax base standpoint, Heggland said, San Diego county is one of the poorest counties in the state on assessed valuation per capita. He said the county ranks 56th, with only two counties rating lower spots in the state. He pointed out how much the county residents are dependent for jobs on industries which are largely tax exempt.

Arnold Dahl, El Cajon real estate man, chairman of the industrial committee of the California real estate association will provide the program Friday. He will discuss proper and improper methods of industrializing communities and will use area developments as examples.

Star List Set For CC Dinner

Lemon Grove chamber of commerce officials this week were lining up a list of radio, TV and movie personalities to head the guest list of the semi-annual report dinner and Ford award program set for Monday, June 30 at 7 p.m. in Michael's restaurant.

From Hollywood is coming a movie-teevee contingent headed by a Lemon Grove youth, Bob Turnbull. Turnbull heads the Hollywood Teen-Twenty Club weekly radio show. With him are coming Cathy Case, popular 23-year-old veteran of teevee films and Sam Ogg, Walt Disney player and juvenile lead in "Our Lady of Fatima" movie. Two other personalities are to join the group depending upon release from contractural commitments.

"Happy Hare" Martin, local disc jockey, and numerous TV stars from the southern California area are expected to furnish program highlights.

Awarding of the $3,700 new Ford country sedan will be made at the dinner. Some 1,000 persons who will have contributed $10 each toward the cost of promoting an incorporation election of Lemon Grove are eligible for the award.

Chamber President Ernest Newton said the report dinner will include full progress checks on the incorporation drive, a chamber-backed project plus reports on the many other chamber activities of the past six month period.

Rain Drops . . .

A sprinkle of rain fell on Lemon Grove Tuesday. According to US meteorlogic station the moisture came from the "de-caying" hurricane which formed off the coast of Baja California last week and broke up as it hit the peninsula.

The sprinkle was hardly enough to make windshield wipers needed nor did it settle dust nor help lawns.

Chamber Invites LG Attendance

The board of directors of the Spring Valley chamber of commerce at its last meeting instructed the secretary to send out letters to the Lemon Grove chamber of commerce, inviting them to a joint meeting with the Valley group June 23 to discuss important problems relative to both communities and to the Helix irrigation district.

Judicial Changes Get Delay

Road blocks to revision of the judicial court division which would put Homeland district in El Cajon court jurisdiction were thrown up this week when county supervisors delayed action after a state supreme court justice advised minor changes could not solve the situation.

Chief Justice Phil Gibson, in a letter to the board, said his court's sessions had made it impossible to meet the supervisors' request for the judicial council to find a remedy for the heavy case load in the El Cajon municipal court in a short time. He said the only real help would come from a wholesale reorganization of the entire county judicial setup. The supervisors must make a formal request for such an organizational study by the council before further progress can be had there.

El Cajon's Municipal Judge R. Fenton Garfield has asked the county board to combine the El Cajon and Homeland districts so another judge could be assigned to help with the large number of court cases.

A decision on Garfield's proposal was further delayed when Judge Luther N. Hussey—former Homeland justice who was elevated to the San Diego traffic court

LG Library Gets Okay

SAN DIEGO (CNS) — Approval of a lease for a Lemon Grove library was voted by supervisors. The new building is to be ready by Sept. 16.

The county wil pay $400 per month for 10 years to Julia Durham. A decision to rent a building was reached after state legislation was passed to prevent counties from using general funds for constructing library buildings.

Funds were budgeted for the building in Lemon Grove and a site had been donated, when the state legislature made a county owned building impossible.

Jaycees Seek Signatures

Lemon Grove junior chamber of commerce members this week were circulating petitions for Broadway improvements to be presented to the county's board of supervisors. Ron Grabanski, jaycee member, said property owners along Broadway were signing the petitions to indicate improvement preference to county officials.

Grabanski said property owners were cooperating and reported good reception in his first rounds Wednesday. He said Jaycee teams would continue working through this week.

Rotary Sets Installation

Mel Grant, principal of Mt. Miguel high school, will be installed president of the Lemon Grove Rotary club Saturday at an installation dinner dance at Mission Valley country club. Host of the affair is Harold Secor, retiring president.

Included in the installation program will be a no host cocktail party prior to the dinner. Dancing will follow the ceremonies.

To be installed with Grant are: Rolla Hamilton, vice president; Chuck Ayars, secretary and Gene Mercier, treasurer. New board members are H. A. Anderson, Carl Johnston, Eugene Mouilleseaux and Irving Marder.

Tom Clayton, senior active member of Highland Park, Michigan, Rotary senior active member and honorary member of the Lemon Grove club will be installing officer.

HOME RULE PETITION DRIVE NEARS FINISH

Circulation of home rule petitions for Lemon Grove's incorporation will end this Friday, slicing more than six weeks from the campaign and bringing the proposal that much closer to reality, campaign officials reported this week.

H. E. LeBarron, co-chairman of the committee for incorporation, said all indications were for completion of petition work by Friday.

In a report to the chamber of commerce civic committee, it was pointed out more than 1300 signers had already been secured and it was expected this figure will pass the 1700 mark by Friday. As chairman of the volunteer army of petition workers, Bob Vaught pointed out the field workers will discontinue their activities when the 1700 figure is reached.

"It's vitally important, however, that any property owners who have not as yet signed their petitions do so at once and either mail them or turn them in to the incorporation committee headquarters at 3442 Main street," Vaught said.

During the committee meeting, Co-chairman Louella Fellows paid tribute to the many volunteer workers who assisted in conducting the city wide, house-to-house canvass which has been in progress to secure petition signers during the past three weeks. "To all the volunteers . . . the Lemon Grove woman's club juniors . . . and to the hundreds of property owners who signed their petitions goes our everlasting gratitude," Mrs. Fellows said.

Concuring with this statement, Cochairman LeBarron prophesied that "In view of the marvelous and enthusiastic cooperation which we have received from throughout the community, there is no doubt the campaign for cityhood is well on its way to a successful election."

Finance Chairman Jim Spears reported excellent progress with outright donations and purchase of tickets for the drawing to be made June 30. "Such response only serves to prove people here want local representation rather than the governing of our affairs by remote control," Spears said.

A quick look at another community that incorporated and found multi-benefits of such a move can help Lemon Grove residents realize advantages of the present incorporation drive. Imperial Beach, with a $100,000 surplus to carry forward to next year's budget, is getting 75 per cent of its income from state sources and officials claim it is unlikely this money would be paid directly to Imperial Beach if it were not an organized city.

Per capita cost of operating cities in San Diego county is also interesting when compared with the Imperial Beach cost of $24.52 per citizen. For San Diego it's $90; Chula Vista, $59.10; National City, $45.30; Carlsbad, $57.31; Coronado, $50.15; Escondido, $71.53, and Oceanside, $86.36.

Summed up, adherents of centralization of government, of joining smaller cities to larger cities, would do well to take a long, careful look at the city of Imperial Beach . . . and its success story of incorporation.

LOCAL GROUP PRESENTS SHORT MUSICAL DRAMA

The Lemon Grove theatre guild will present an original one act musical by Barbara Arbuckle and Harry Robinson, Jr. in the 13th annual one act play tournament of San Diego county little theatre league in the Roosevelt junior high school auditorium, Park boulevard and Upas street on June 19, 20 and 21 with curtain time at 8:15.

This will be the first time any group has attempted to branch out into the field of music in a dramatic competition.

The setting of the action is an artist's studio in Paris and its title is naturally quite French, Jue D'esprit. Mrs. Arbuckle is responsible for the book and the direction while Harry Robinson, Jr. has written both the music and the lyrics. Beverly Brust consist of nine one acts, three to has originated the typical dances which enliven the piece.

The 13th annual one-act play tournament of the league will be offered each evening, June 19, 20 and 21. They will be judged as to production, acting, etc. by a panel of judges headed by Dr. Daniel E. Vandhraegen of UCLA, who will be assisted by King Stuart of the Pasadena playhouse and Victor Heyden of Palomar college.

LUCKY PIERRE — Lemon Grove's theater guild group will present an original one-act play Jue D'esprit, Saturday night at Roosevelt junior high auditorium as part of the county one-act play tourney. Part of the cast of shapely chorines includes at top, with Skip Allen, leading man; Blanch Lewis and Luana La Tour. Bottom, from left, are Lois Burnworth, Joann Burkmeyer, Maxine Boswell and Beverly Brust.

The Dimmer View

BY MAX GOODWIN

The county supervisors rejected Judge Fenton Garfield's (El Cajon Municipal court judge) plea for realignment of the former Homeland judicial district with the municipal district of El Cajon. Judge Garfield argued that the realignment would not increase costs in that money had already been budgeted for El Cajon court expansion, and that it would serve the due process of law by giving better service. Cases are currently being set in El Cajon for February. Judge Garfield wants, simply, another judge to share his workload and he wants enough of a district, populationwise, to further justify an additional judge.

Supervisors turned down the request which Judge Garfield showed to be favored by responsible groups in the three affected communities. Said they, county grand jury had recommended consolidation of the courts in the first instance as an economy measure.

To Lemon Grove last week came T. M. Heggland, chief administrative officer for the county. Said he, cost of doing court business would be $300,000 more for the coming year than it was before the new traffic court was established. Increased cost, says Heggland, is mostly in salaries of more marshal's offices and clerk personnel.

The court which was to give economic relief is costing almost a third of a million dollars more.

In the "I couldn't have said it better" department is an editorial written by Simon Casady, editor and publisher of the El Cajon Valley News. Concerning matters of area jurisprudence, Mr. Casady's article wraps up much of what is wrong in the current court caper into a neat package:

Why is Judge Hussey Fighting Us?

"The continued stalling of the county board of supervisors in the matter of converting the El Cajon Municipal District into a two-judge district is becoming more and more difficult to understand.

"Last week the board of supervisors decided to postpone action until its next meeting. Now the agenda for this meeting has been made public and the court matter is not even listed.

"The board of supervisors might as well face up to its responsibilities. This problem cannot be swept under the rug and forgotten.

LG Juniors Win Awards

Two eighth grade students, Sandra Taylor and Nicholas Stumbaugh, were presented with scholarship awards last week at the Lemon Grove junior high graduation ceremonies. The scholarships, awarded annually by the Kiwanis of Lemon Grove, are given to the boy and girl in the graduating class who have gained the highest scholastic records. Each scholarship is $25.

Sandra is the daughter of Mr. and Mrs. John Taylor, 2748 Skyline drive. Nicholas is the son of Mr. and Mrs. Lyle Stumbaugh, 8371 Adams avenue. Nicholas was also the recipient of a $25 scholarship earlier this month presented by the Lemon Grove music parents club.

Cheryl McDermott and Eddie Lebb won the coveted citizenship cup award at the graduation. The perpetual cup is inscribed each year with the names of the outstanding boy and girl of the graduating class. This award is based on citizenship records, responsibility, courtesy, efort, and attitude.

Cheryl is the daughter of Mr. and Mrs. Harold McDermott, 3876 Carancho drive, Lemon Grove. Eddie is the son of Mr. and Mrs. Joseph Lebb, 4168 Lois street, Vista La Mesa.

LEMON GROVE BOOSTERS—Nearly 25 years ago the above men were boosting Lemon Grove by helping to construct the pictured float which won an award in the San Diego County agricultural fair at Balboa Park in 1934. The Lemon and sign are still a landmark in the park strip along the railroad tracks in Lemon Grove. Don Hutchings, center above, manager of the Lemon Grove citrus association in 1934, and the other two, Art Ahrens and Herbert Parfitt, helped construct the lemon for the LG chamber of commerce. The chamber later had the lemon set on its present platform on Imperial where it has become one of the most photographed landmarks of the county. A. F. Sonka of Sonka Brothers, Lemon Grove, obtained the picture from Hutchings and provided the historical background information for present day residents. The lad on the float is unidentified.

Grossmont Takes Deed For Land

The Grossmont board recently accepted a grant deed from Mrs. Marion I. Carlson for four and one half acres needed for road relocation at the new high school in Lakeside. Site grading is due to start on the Lakeside site in July or August.

Harold G. Hughts reported the additions and remodeling at Grossmont were progressing satisfactorily although the laminated beams for the office building have delayed that project. Scheduled day for completion of the shower and locker and the auto shop is September 1.

More Than 2,000,000 Industrial Workers Benefit From CHIROPRACTIC CARE

More industrial workers receive chiropractic treatment than are employed in 4 leading industrial states.

Over 2,000,000 patients — the equivalent to total payrolls of metal and machinery industry in Illinois, Michigan and Pennsylvania — are treated annually.

DR. BARTON

The multi-billion dollar insurance industry — 550 companies, recognize chiropractic for their policy holders. Leading fraternal organizations, the largest veterans groups, craft and industrial unions, state Industrial Commissions and 38 states under the Workmen's Compensation Act accetped the chiropractic method.

The Colorado State Industrial Commission permitted a state insurance survey in back injury cases. It revealed chiropractic patients were absent from work about 2½ days—just HALF the time required under other forms of treatment.

Wherever FACTS and FIGURES—wherever the tools of TRUTH are used, chiropractic emerges in full stature. That is why large corporations use chiropractic to maintain steady production — why insurance companies welcome chiropractic to reduce compensation claims — why the workers themselves choose Doctors of Chiropractic.

If there is particular information you wans, write us or send for the books, "The Truth About Chiropractic," and "The Present Day Doctor of Chiropractic."

THREE TRUTHS YOU SHOULD KNOW

MARRIED—Miss Louise Robinson, daughter of Mr. and Mrs. Mark Robinson, 3494 Vista avenue, Lemon Grove, became the bride of Edwin Bingham, son of Mr. and Mrs. Charles Bingham, El Cajon, at a double ring ceremony at the Vista La Mesa Christian church May 24. The couple is now at home at 5103 Dailey court, La Mesa.

DICHONDRA

At this time of year when dichondra lawns go to seed, they will have a tendency to turn yellow. This can happen anytime during late May, June or early July. It is, however, nothing to become alarmed about. The best way to overcome it is to mow the lawn close to the sod. This removes the seeding part, as well as whatever weeds may be there. Immediately after this mowing, the lawn should be fed with one of the first-class dichondra fertilizers on the market.

In the case of a new dichondra lawn, 2 feedings are essential until the area is covered. The first should be given whenever the dicondra begins to show growth; the second about six weeks later. Never use chicken manure on a dichondra lawn.

For greener more luxurious lawns, an application of mineral elements, say a combination containing copper, iron, zinc, manganese, potash and a little nitrogen, will be found helpful. These minerals enrich the soil and green up the lawn. The effects will be satisfying and lasting.

Red Keith, publicity chairman for the Ponyites says the league wishes to express its sympathy to the family of such a fine boy. "It is a loss to all of us and his club. He was very well thought of as a player and sportsman," Red stated.

The Pony league had a bit of hard luck June 4. The refreshment stand on the Mt. Miguel varsity field was broken into and quite a bit of supplies stolen. The exact amount taken has not been determined but sheriffs are investigating.

Says Red Keith, "It is too bad something like this has to happen, when the stand was put there for the benefit of the boys of the area. Let's hope this will be the last time anything like this happens."

PICTURE TALK

by Bob Vaught

"JUNE IS MOVIE MONTH" FOR SURE!

We sold a Brownie Movie Camera to a chap a couple of weeks ago—one of our first sales during "June is Movie Month." He liked the idea: "Make your family movie stars," and he liked the new low price: $29.95 for the deluxe, f/2.3 model.

Bob Vaught

The other day, his first rolls of color film came back from processing and we looked at them together. Wow! The picture-taking possibilities he discovered when he made his two sons movie stars! For instance . . .

The Vanishing Indian: Did this one with his boys. He took movies of a Cub Scout Pack doing an Indian dance. Then he yelled, "Freeze" and stopped the camra. Th kids held still while one of them hustled out of the scene. Then he started shooting again. He'll probably have to project this one twice before his wife can figure out how the Indians vanished one at a time.

"June is movie month" is a good deal and we've got hundreds of ideas at our store to make your family movie stars. Come down and see us while there's still some June left.

THELMA WALTERS

HOME ECONOMIST OF THE SAN DIEGO GAS & ELECTRIC COMPANY

SUGGESTS:

As a busy homemaker you're undoubtedly interested in anything that can make life easier and more enjoyable for you. You'd like to be cheerful and full of pep at day's end, rather than dog-tired and maybe grumpy.

There are lots of appliances today that help you "Live Better Electrically," and you probably have many of them in your home. But one with which you may not be acquainted, or are not using to full advantage, if you have one, is the home freezer.

That's why I'm suggesting you'll find it well worth your while to attend the sixth in this year's series of "Better Living . . . Automatically' programs being conducted by the Home Economics Department, San Diego Gas & Electric Company. It will be held Tuesday, June 24, from 1:30 to 3:30 p.m. in the Company's air-conditioned auditorium in its Eastern District Office at 104 North Johnson Street, El Cajon. "Let's Fill the Freezer" is the title and subject of my talk.

In the program I've planned, I'm going to share with you the experience of thousands of freezer-owning homemakers whose families are eating better year 'round at less cost. I'll tell you just how they're doing it by serving foods frozen at the heights of their ripeness and freshness at "in season" prices. I'll show you how quantity food buying for the freezer can save you dollars plus time and effort by reducing the number of your shopping trips. You'll learn "tricks of the trade" in frozen food packaging and storage methods. And to top it all off, I'll demonstrate how frozen food cookery can contribute to greater leisure and less strain and stress in your daily life.

I'll be looking forward to seeing you next Tuesday. By the way, there will be the usual door prizes and refreshments will be served.

Quick Sand Bed Found Near School

Two teen-age girls exercising horses recently in Spring Valley brought to light the fact there is a plot of quick sand or bog near the Mt. Miguel high school.

The two girls, Marjorie Smith, 15, daughter of Mr. and Mrs. Ronnie Smith of Bancroft Drive, and Linda Nystedt, 14, daughter of Mr. and Mrs. B. J. Nystedt started along the dry river bed near the high school. About 150 yards south of the school they crossed the river bed. The Nystedt girl's horse balked at crossing, but the Smith girl's horse stepped into the bed . . . and down it went . . . all the way to the top of its legs.

After a few moments struggling, with Marjorie giving words of encouragement the horse pulled loose and scrambled out. The horse was due for a good washjob, as it was covered with grime.

Linda said she and Marjorie have been informed several other horses have been sucked into the beg before. Mrs. Grace Bloom of La Mar street, who has lived in Spring Valley since she was a child, said she fell in the bog when she was nine years old. that was in 1916. The old Spring Valley grade school used to stand right near that area.

Mrs. Eileen Smith, mother of one of the girls said she remembers she and her father throwing rocks in the bog and the rocks disappearing. That was several years ago. She doesn't know how deep it is.

The Mt. Miguel PTA, at its last meeting, brought up the subject of the bog, and what can be done about it. It is a dangerous spot, is their contention.

Joe Mack, head of the county road department, said last week he was unaware there was such a thing as quick sand or a bog in this area. He said he would have men from his department investigate.

☆ In 50 years in the U. S., the number of persons employed by government grew from one worker in every 25 to one in nine.

LETTERS TO THE EDITOR

Dear Editor:

I always read with interest "The Dimmer View" and your piece about traffic safety, June 12, page 5, especially appealing.

1. All highways should be fenced, competely separating automobile and pedestrian traffic.

2. License fees should increase progressively with the horse-power of the automobile, reaching a very substantial amount at 300 HP.

We go to great lengths to outlaw war, but nobody thinks of outlawing automobiles, which kill more people than wars.

Fences would cost too much? But what is the value of the lives of the youngsters killed?

A few of the billions being spent on free-ways could with advantage be spent on local roads.

A 300 H.P. automobile is a luxury, Ed Sullivan to the contrary, and should be taxed accordingly plus the potential damage it may cause.

Of course the killing will go on because the general public is careless and minority groups are exceedingly greedy.

Earl R. Andrix
Box 215, Lemon Grove

P.S. A lot more could be said along the same line.

Former Scout Leader Dies

Requiem mass was said at St. John of the Cross Catholic church in Lemon Grove, Monday morning, for Michael L. Finnerty, 20, who died from an incurable disease, in a San Francisco hospital June 10. Burial was in Holy Cross cemetery.

Young Finnerty, the son of Mr. and Mrs. Leon Finnerty of highway 94, Spring Valley, had been serving as an airman third class with Air Group Three, United States air force. He entered the service in November 1957.

He was born in National City and was a graduate of St. Augustine high school, class of 1956. He had been chief squire of the St. Michael Columbia Squires of St. Johns of the Cross, a CYO officer of the church, and active in Boy Scout work. According to a report from Boy Scout headquarters, young Finnerty joined the Scouts in 1949. In 1952 he was made a Life scout and in 1954, an Eagle scout.

Besides his parents, Finnerty is survived by three sisters; Patricia Lee and Kathy of Spring Valley and Mrs. Ruth Buckner of Azusa, Calif.

Judicial Changes Get Delay

(Continued)

when the district was consolidated with San Diego — sent his second letter of protest to the supervisors this week. Hussey claims Garfield's case load was misleading because many cases were incorrectly filed in the El Cajon court.

Hussey, who lives in Lemon Grove, would be forced to move or resign his present position if the El Cajon and Homeland courts were combined. Garfield Wednesday said he might suggest leaving Lemon Grove's precincts 7A and B in the San Diego district if Homeland is switched so Hussey's residence would not be questioned.

Garfield said he was confident the judicial council would recommend the switch if the county board requests a study by that body. A study, Garfield estimated, would take about three months time.

A tentative budget item for the upcoming '58-'59 budget approved by the supervisors is salary of an extra judge and clerk, office expenses and space for the El Cajon district if a switch is made.

Garfield said the county grand jury had earlier recommended to the county board a request be made to the judicial council for a complete study of the system here. The board has taken no action on the grand jury recommendation as yet.

Garfield said Hussey's report a state study was being made of judicial boundaries does not extend into San Diego county from reports he obtained through state officials. No study of the SD situation is contemplated by other agencies at the present time, he said.

"We're faced with the old stall," Garfield said. "I hope to get better results at the July 1 board meeting. I was too busy with the court calendar this week to attend the board session to reiterate my request for help."

LG Voques Set Dance

The El Nadadero club in El Cajon will be the scene of a dinner dance this week on Saturday night at 7:30 p.m. by the Vogue section of the Lemon Grove woman's club.

This will mark the close of the season for this group's activities. The theme and decorations for this event will have a Spanish flavor in keeping with the approaching Fiesta celebration. Reservations have been under the supervision of Mrs. Oroville Smith. Decoration have been planned by Mrs. Harold Wolfarth.

Padres Pennant Chase Looks Up

San Diego's pennant hopes were revived last week with their sensational sweep of the Pacific coast league series with Sacramento at Westgate park. The seven straight against the Solons gave the Padres a total of nine wins in a row.

LOCAL FILM ASPIRANT KEEPS FULL SCHEDULE

All Quiet on the Filmland Front would be a good title for Filmland with show biz on a definite chaotic downward trend. But Lemon Grove's Bob Turnbull refuses to remain idle in the midst of the recession. Many youth, social and church activities keeps this young man from twiddling his thumbs. Bob has had many interviews after casting personnel spotted him in Drag strip Riot, an American-International film he exploited in San Diego recently. When not reading for parts Bob keeps busy in the Hollywood First Presbyterian church. He can be heard singing in the college chapel chorale every Sunday afternoon at 5 p.m. over KPOP radio station.

Bob is chairman of the Welcome committee of the Hollywood Christian Group. That's a Christian organization for show business people only.

Turnbull is still director of the Hollywood Teen-Twenty club, which is a non-profit, inter-denominational organization for the youngsters of Hollywood.

Bob is the son of Dr. and Mrs. Lloyd S. Adams, 3251 Kempf street, Lemon Grove and graduated from Helix high school in 1954.

School Close Draws Note Of Warning

The annual school's out caution flag has been raised by San Diego county traffic safety council official in anticipation of the thousands of young people who are starting their summer vacation this week.

With the death of one San Diego county child already on the record for June, Myron T. Kaminar, safety council president, called on all motorists to be particularly alert to the added hazards of summertime driving, and pointed to the boys and girls who will be out of school and playing near their homes and community playgrounds. Killed in June was Ronnie Duncan, Lemon Grove.

"During June, July and August of the last two years 48 persons lost their lives in traffic accidents in San Diego county each year. This constitutes almost one-third of the total number of fatalities for the entire year. Nine young people under the age of 19 years died in local accidents last summer. The summer months remain the most critical period and only a concerted effort by everyone wil make possible the reduction in in deaths, injuries and accidents we all want," Kaminar said.

Young people must play in safe areas; not dart across or play in streets. Parents should know of and approve the places where their childen play. They should make sure their children know how to conduct themselves in traffic. Motorists should use extra caution in residential areas watching carefully for children on foot or on bikes.

LOMITA VILLAGE NOTES

by Edna Rice — HO 9-6832

Cupid has been busy again in Lomita Village, this time the happy couple being the former Miss Janet Lash of Encanto and Ernest Dawson of 311 Cardiff street, who decided to take a little run up to Las Vegas to get the knot tied. On their return to San Diego, the groom's parents, Mr. and Mrs. Joe Dawson gave the wedding reception for more than 50 friends at the Cardiff street address. The bride and groom both were graduated from Lincoln high school. The happy couple are now at home to their friends in their new home at 2974 Redwood, San Diego.

The Dawson home was also the scene of a second recent wedding reception this time for Mr. and Mrs. Eric Peterson of Spring Valley, the new Mrs. Peterson being the former Miss Wilma Fitzsimmons, who were married last Saturday in Skyline Wesleyan Methodist church by Pastor Butcher, who also sang a nuptial solo. Mike Dawson was one of the attendants.

Miguel Hosts Girl Student From South

The students of Mt. Miguel high school are very fortunate to be able to put into action their theme International Relations, according to word from Mrs. Dale Hulett, newly appointed publicity chairman for the Mt. Miguel PTA.

A student from Santa Fe, Argentina, will attend Mt. Miguel starting in the fall of this year. Principal Melvin Grant says much preparation and time of several persons have helped to make this possible.

The student, an 18 year old girl, will arrive sometime this summer and make her home with the Robert Barrett family of 35-35 south Bonita street, Casa de Oro.

This is a chance not only for students of Mt. Miguel, but for everyone who comes in contact with the girl, to extend the hand of friendship. The report she will take back to Argentina upon completion of her education here, will do more good than thousands of dollars, says Mrs. Hulett. You will hear more of the Argentina girl later.

EXEC BOARD

The executive board of the Mt. Miguel PTA held its first meeting June 9, at the school, with 27 members present. Mrs. Robert Graham, president, presided and officers and chairmen were introduced.

The Dimmer View

BY MAX GOODWIN

(continued)

"The El Cajon municipal court today is physically unable to administer the quality of justice to which every citizen is entitled.

"The law stipulates that criminal cases must be tried within 30 days. This is a good law. Justice becomes a farce when months elapse between the filing of criminal charges and the start of a trial.

"Yet in the El Cajon municipal court today criminal cases are being placed on the docket for trial next February. There is no excuse for allowing a court docket to become so glutted. The responsibility for this glut lies squarely on the shoulders of the county supervisors. They alone can correct this intolerable log jam. And yet they are sitting on their hands from week to week, apparently clutching at any little straw to avoid doing what they know must be done.

"The major objection to creating another judgeship in the El Cajon municipal district seems to be coming from Judge Luther Hussey of Lemon Grove.

"Judge Hussey is not exactly a detached observer and there is room to question whether he should be taking such a strong stand in opposition to the creation of a new judgeship in this area.

"Judge Hussey formerly was justice of the Homeland judicial district which embraced Lemon Grove. He had ambitions to become a municipal judge, a full-time job paying a better salary. So when a law was passed creating another municipal judgeship in San Diego, Judge Hussey went to work. Another law stated that if a judicial district was annexed to a municipal district at any time, the justice in the annexed district would be entitled to the next vacant judgeship in the municipal district if he could qualify.

"By some neat timing Judge Hussey persuaded the county supervisors to annex his Homeland judicial district to the San Diego municipal district just before the law creating another municipal judgeship went into effect.

"This automatically put Judge Hussey in line for his municipal judgeship. And he got it. He is now a judge in the San Diego municipal district.

"You might think this would satisfy Judge Hussey. He should be the last man to object to any progressive action which would improve the court picture in the El Cajon district.

"But here is the joker. Before a second judge can be added in the El Cajon municipal district, it would be necessary for the county supervisors to detach the old Homeland district from San Diego and combine it with El Cajon.

"Judge Hussey still lives in the Homeland district. If this district is transferred to El Cajon, Judge Hussey would then be living outside the San Diego municipal district. He would be required ultimately to move his residence into the San Diego district or he could not run for re-election as a municipal judge of that district.

"Whether Judge Hussey is motivated by such personal considerations we do not know. But that fact remains that his own political future, or at least the location of his residence is involved. If the El Cajon district acquires a second judge, it will mean that Judge Hussey will have to move into San Diego or lose his judgeship.

"Under these circumstances, he is in no position to be arguing for or against a court expansion out here. If he were sitting on the bench under similar circumstances he would be required to step down and let some other judge rule on the case. The same code of ethics should make him a silent bystander in this issue.

"It was thought, perhaps, when the Homeland district was annexed to San Diego that all court cases from that area would flow into San Diego. But this has not happened. Judge Hussey well knows this fact.

"Most of the municipal court cases from the Homeland area come to the El Cajon municipal court because it is closer and more convenient.

"The El Cajon municipal court thus is trying to serve some 140,000 people while in San Diego there is one municipal court for every 58,000 people. Even with a second judge in the El Cajon district, the case load here still would be heavy.

"Judge Hussey knows all this. He has lived in this area and been on the bench out here for years. He knows that the load on the El Cajon municipal court is far heavier than it is in any of the courts in his San Diego district.

Yet he is fighting this court expansion as if it were a needless expenditure of public money. And the board of supervisors is listening to him. At least it seems to be.

"What is more important to the board of supervisors? The welfare of the people of the El Cajon and Homeland districts or the personal convenience of one judge who actually has nothing more to do with this district, other than to live in it?

"Are criminal trials going to be delayed for eight and nine months merely so that Judge Hussey will not have to move his residence into the district in which he serves as a judge?

"This is the question for supervisors to decided. Do they represent the people or are they taking orders from Judge Hussey?"

"FATHER"

Last Sunday you honored your fathers. God bless you if you showed your father a genuine spirit of thanks for his untiring efforts to provide for the family. God bless all the faithful fathers who fulfill their responsibilities. God wants us to learn to love and trust Him as Father also. He provides everything that is needed. His faithfulness is absolute and perfect. His children lay before Him the offerings of thanksgiving and praise.
